

ASOC 2026

PROJECT ADMIN HANDBOOK

BUILDING THE FUTURE OF
OPEN SOURCE TOGETHER

WELCOME!

Welcome to the Project Admin
Team of **ASOC 2026**.

As a Project Admin, you help
create a smooth, fair, and
engaging experience for
everyone.

Thank you for being a
part of this journey.

OUR CORE VALUES

LEADERSHIP

Lead by example
and inspire
others.

TRANSPARENCY

Be open, honest,
and accountable
in everything
you do.

COLLABORATION

Work together
across teams to
build greater
impact.

RESPECT

Value every
individual and
their
contributions.

COMMUNITY FIRST

Put the community
first and create a
positive, inclusive
environment.

ROLE & RESPONSIBILITIES

YOU LEAD. YOU SUPPORT.
YOU MAKE AN IMPACT.

YOUR RESPONSIBILITIES

As a Project Admin, you will:

Manage assigned projects and contributors.

Review contributor activity regularly.

Help resolve technical and communication issues.

Coordinate with mentors and project maintainers.

Maintain documentation and reports.

Ensure the Code of Conduct is followed.

Represent Altraverse professionally.

REMEMBER:

Project Admins lead by example.

PROJECT ADMIN WORKFLOW

A SMOOTH PROCESS.
STRONGER IMPACT.

1

Review new contributor registrations.

2

Verify project assignments.

3

Track issues and pull requests.

4

Communicate with mentors.

5

Resolve contributor queries.

6

Update progress reports.

7

Escalate major issues to the Core Team.

8

Prepare weekly summaries.

GOAL: Keep every contributor active and supported.

COMMUNICATION GUIDELINES

COMMUNICATION STANDARDS

Always be:

Professional

Respectful

Helpful

Responsive

Inclusive

✓ DO

-  Reply politely.
-  Give constructive feedback.
-  Encourage learning.
-  Listen before making decisions.

✗ DON'T

-  Ignore contributor questions.
-  Show favoritism.
-  Share confidential information.
-  Use disrespectful language.

Clear communication builds **strong teams**
and **successful projects**.

TOOLS YOU'LL USE

GitHub

WhatsApp
(Community Group)

Google
Workspace

Notion /
Documentation

Project
Tracking
Dashboard

BEST PRACTICES

1

Respond
within
24 hours.

2

Keep
documentation
updated.

3

Track
contributor
progress
accurately.

4

Verify before
approving.

5

Communicate
clearly.

“

The right tools and good practices
make a **great team unstoppable.**

PROJECT ADMIN GUIDE

Managing GitHub Issues & Contributor Points

Project Admins are responsible for creating high-quality GitHub Issues that provide contributors with clear tasks and fair point rewards.

YOUR RESPONSIBILITIES

CREATE GITHUB ISSUES

Write a clear title, describe the objective, add requirements & expected output, attach helpful resources (if needed).

ASSIGN LABELS

Bug, Feature, Documentation, Enhancement, Good First Issue, etc.

ASSIGN DIFFICULTY & POINTS

Set appropriate difficulty level and reward points for each issue.

DIFFICULTY & POINTS GUIDE

DIFFICULTY	POINTS
 EASY	50
 MEDIUM	100
 HARD	150
 EXPERT	250+

* Adjust points according to project complexity.

CONTRIBUTOR WORKFLOW

BEFORE PUBLISHING AN ISSUE

- ✓ Clear description
- ✓ Difficulty selected
- ✓ Points assigned
- ✓ Labels added
- ✓ Acceptance criteria included
- ✓ No duplicate issue

REMEMBER

Well-written issues lead to better contributions, fair evaluations, and a **stronger open-source community.**

CREATE CLEAR ISSUES

• REVIEW FAIRLY

• REWARD CONTRIBUTIONS

LEAD WITH PURPOSE

Great communities are built by great leaders.

As a **Project Admin**, you lead with responsibility, guide projects with clarity, and empower contributors to create real impact.

Manage projects, create issues, and set the direction for meaningful contributions.

Mentor contributors, review work, and help them grow.

Track progress, ensure quality, and keep projects on the right path.

Lead with **purpose**.
Inspire with **action**.
Build with **Altraverse**.

Welcome to the

ASOC 2026

PROJECT ADMIN TEAM. 🚀
